2. Entering the Competition

- 2.1. Entrants can enter the Competition by submitting an Entry Form, paying the Entry Fee and delivering the Entry in accordance with Clause 6 (Delivery, Risk and Title). Entries that do not arrive by the Closing Date cannot be refunded or credited.
- 2.2. Each Entrant is responsible for submitting their complete Entries.
- 2.3. An Entrant may enter up to five (5) Entries in any one class, or across Classes 1 to 4, and receive more than one award in that class.
- 2.4. An Entrant may also enter up to five (5) Entries in Class 5, and receive more than one award in that class.
- 2.5. All Entries must be of 100% Australian origin, and from the current year harvest.
- 2.6. Entries in Classes 1, 2 and 3 must be derived from olives grown at a single physical location. These oils may, or may not, be blends of the same or different varieties.
- 2.7. Entries in Class 4 must be derived from olives that have been grown in more than one physical grove location.
- 2.8. Class Summary

Class #	Criteria
1	Boutique volume, using oil sourced from a single grove: production volume of oil for this entry is 25 litres to 199 litres with a total production of all oils from the grove in 2025 not exceeding 1000 litres. Whilst there is a trophy for Best in Class 1, this class is not eligible for “Best in Show” or “Best WA Oil”. <i>This Class is to encourage producers with small volumes that are intended for either home or commercial consumption, to enter and have their oil benchmarked against national criteria.</i>
2	Commercial volume, using oil sourced from a single grove: production of oil for this entry is 200 to 4,999 litres.
3	Commercial volume, using oil sourced from a single grove: production of oil for this entry is 5,000 litres or more
4	Commercial volume, using oil sourced from <u>more than</u> one grove: production of oil for this entry is 200 litres or more. <i>This Class recognises the additional flexibility producers have in using oils sourced from more than one growing area over producers using oils from fruit grown on only one grove.</i>
5	Flavoured oil: production of oil for this entry is 50 litres or more

- 2.9. By submitting an Entry to the Competition, the Entrant agrees to be bound by these Rules.

3. Criteria for Entries

- 3.1. For each extra virgin or flavoured olive oil Entry submitted, a minimum of 1 litre of oil is required. This can be four (4) samples of 250ml or two (2) 500ml samples or one (1) sample of 1 litre. This can be in bottles, casks and/or tins.
- 3.2. Chemical analysis test results will be conducted on all EVOO samples at an accredited laboratory for Entries in Classes 1 to 4. The four (4) tests conducted are Free Fatty Acid (**FFA**), Peroxide Value (**PV**), Ultra Violet (**UV**) and Polyphenols (**PP**) using Near Infrared Spectrophotometry (NIR) testing. Any Entries that fail the chemical analysis will be withdrawn from judging without refund.

- 3.3. All Entries in Classes 1-4 are expected to meet the following chemical parameters for Extra Virgin Olive Oil (as set out in the Australian Standards [AS5264-2011]), in particular:

 - Absorbency in Ultra Violet: (UV) $K_{232} < 2.50$, $K_{270} < 0.22$, $\Delta K < 0.01$
- 3.4. If required, WAOC may resubmit an Entry to a NATA accredited lab for confirmation of chemical analysis (FFA, PV and UV) at their cost. Entries assessed as faulty may be withdrawn at the WAOC's discretion. The Chief Steward will contact the entrant to discuss such concerns.
- 3.5. All Entries must clearly display the Entrant's unique ID code. Bottles do not need to be supplied with commercial labelling.

7.12. Judging Principles

1. **INDEPENDENCE:** The Chief Steward will always be independent of the competition and its Entries. Stewarding is conducted under the auspices of an independent Head Judge/Chairperson who is not an Entrant.
2. **FAIRNESS:** All Entries are tasted blind from blue tasting cups marked with an Entry code that ensures the identity of every Entry is not known.

Judges, who may also be Entrants, are NEVER able to judge their own Entry, nor influence another judge who has been given the task of doing so.
3. **CONFIDENTIALITY:** The ONLY individuals that know the identity of Entries (until the results are released) are the Chief Steward and stewarding team.
4. **ACCOUNTABILITY:** Judges are briefed by the Head Judge before the commencement of judging and reminded of their responsibilities. The Head Judge will nominate a panel leader with sufficient experience for each panel. Each panel will consist of at least three highly experienced judges. Any judge found not adhering to these requirements will be relieved of their judging duties immediately.
5. **TEAMWORK:** Initially the Entries are independently assessed by each judge. The judges then discuss the oil and their score. In consultation with the panel leader, an agreed final score and comments are reached. If agreement cannot be reached, the panel leader will seek the opinion of the Head Judge, who following tasting and consultation with all the judges will allocate a final score. Any oils identified as faulty by the panel of judges are reviewed by the Head Judge.

8. Winners and Results

8.1. All Entrants will be emailed their personal results within 24 hours after the Awards Presentation Dinner. The email will have competition results including any medals won, scores and notification of any major award achievements. No official announcement of the winners will occur until the Awards Presentation Dinner.
